## Adopt-A-Highway Spotlight for the Dorothy Solberg Shaklee 4 Health

### The Mission:

The Los Angeles County Adopt-A-Highway Program provides individuals, families, businesses, organizations, and public agencies with a unique opportunity to gain prominent recognition while beautifying the environment within their own communities. By collecting roadside litter or removing graffiti on walls and bridges, participants will foster community pride and save taxpayer dollars.

We want to recognize and congratulate the Dorothy Solberg Shaklee 4 Health for their participation in the Adopt-A-Highway Program. Since January 2003 they have serviced Elizabeth Lake Road between Ranch Club Road and San Francisquito in Lake Hughes. When asked about her motivation to participate in the program, Dorothy Solberg Shaklee states: "When I was President of the Lakes Women's Club, I felt that the Adopt-A-Highway program would be a good 'fit' for our group, whose theme was 'Making a Difference.' Then my husband suggested that we should adopt-a-highway also, as Shaklee is all about Wellness, for our physical bodies as well as the world we live in, and what better way than helping keep our communities clean!"

For more information on the Adopt-A-Highway program, please contact Louis Darbeau of the Los Angeles County Department of Public Works at (661) 947-7173.
